

THE BEST GIFT

Beloved Parents MelquisedecLisbet, we greet you with so much joy on this wonderful day of eternity that you have given us. Parents, with reverent fear and the utmost respect, we wanted to share with you a letter that you gave us with regard to the gifts we give our family and friends, titled: "**THE BEST GIFT**".

You have given us such a great and valuable treasure and it is our duty to share these gifts with everyone we know. For the world, giving gifts at Christmas is done for many different reasons, one of them is the appreciation that one feels for another person, symbolizing ties that unite them through lived experiences. Sometimes they give them in gratitude for something that person has done in their life or simply to let that person know that they are part of their life and they are thinking about you. But most of the time it is because they are committed to giving gifts. Without realizing that these material gifts do not really symbolize any deep bond, since they can be given at any time.

In our case, the real gifts symbolize that God MelquisedecLisbet live in our hearts (our minds) and that They have cleansed Their temple in us and that is why everything in our lives is fragrant for them. And our children are saturated with that purity, and everything we do and are is of benefit to our loved ones and those close to us. Thus sharing the true gift of God, which is a life in holiness.

The gifts given to us by our Parents MelquisedecLisbet are countless and unlike those given by the world, they do not break, they do not age, they never wrinkle, they do not stain or lose their color and they also fit everyone, without the need to exchange them or return them to the store because they are eternal and remain forever. **Our gifts come from the enormous and good treasure we have received from You, spiritual Parents.** Each day with Your Fresh Manna, You feed us and nourish us, You give us innumerable riches and we share those riches with our loved ones and they are greatly benefited by Your spiritual goodness. For the good man, out of the good treasure of the heart, brings out good things ... (**Matthew 12:35**).

Our Parents have given us this good treasure of Their Wisdom to share with others so that each person in this world can have a treasure as wonderful as ours. And this good treasure is our Mother Lisbet, all the wisdom of God is in Her, for She is God MelquisedecLisbet, 2 in 1. How beautiful it is to share with everyone all these beautiful gifts that They have given us. And it is not only at times when people give gifts but we deliver Their gifts to the world all the time during the year.

Beloved Parents, in this time when the world celebrates many things and take this opportunity to exchange gifts, we as Your spiritual children know how to identify all the gifts that truly have worth to us and for which we are eternally grateful to you. You put in our hearts to make a list of the most important gifts that you have given us to share with all our loved ones. The first gift is:

The Patience of Christ: that makes us wait calmly and with tranquility, always at rest and peace.

Our Parents have taught us the patience of the saints and how important it is to live righteously. We live without rushing, without worrying and that includes sharing with our family and friends, being wise to always show our spiritual Parents in how we proceed.

Our Mother has said:

"Do not rush or get upset, because when you have patience, marvellous things will happen."

If in patience there are wonders, then what are we worrying ourselves with?

If for some reason, when we share this word of life that we are offering, with our friends, and are rejected, don't give up, let us show them the patience of Christ Lisbet. Let us proceed calmly because although they have not yet received eternity, we have and we must show them how important it is that they stay alive in order to receive the bread of life, Christ Lisbet. That is why we do not remove the glove of love, we tell them the truth so that they won't die because although we have an eternity to wait, they do not have it and with our help, they will strive to enter through the narrow door. And many try to enter through Her but they won't be able to. **(Luke 13:24)** Because they do not know how, but with our help, they can do it. We will persist in loving them with the love that our spiritual Parents have taught us, with patience and respect, but without stopping, we tell them the truth so that they may choose the gift of life that is set before them. The second gift is:

Reverent fear to God: so that they can understand that the living God, MelquisedecLisbet are to be respected with reverence because They have shown us Their power through Their Word. And reverent fear to God is the foundation or principle of all Their Wisdom. The Lord, our God MelquisedecLisbet, have commanded us to fear Them and obey Their precepts so that it will always go well for us and may stay alive. As it has been until today **(Deuteronomy 6:24)** because God does not change, They are the same for eternity. The third gift is:

The Peace that Christ has given us: we always seek the good and the peace of our relatives, our friends and all those around us and whoever we encounter on the path, we never seek to offend anyone, much less bother them, we want them to always feel pleased to share with us so that they can see in us, the beautiful reflection of our Mother Lisbet.

In the last dispensation we would say that everyone would understand that doctrine of error "through the good way or the bad way", but today, our Mother has taught us what is right. We do not wish anyone harm, on the contrary, we want everything to always be according to Their order which is perfect, we do it with love, with prudence, without agitating anyone. And everyone is welcome in Their Kingdom because Christ Lisbet has told us that everyone that God the Father gives Her will come to Her and he who comes to Her will never be rejected **(John 6:37)**. The fourth gift is:

Friendship with the Lord: with our good behavior, we show that we know God well, we know Their character and we trust in Them, in Their judgment that is true and just. And we teach everyone to ask God the Father, in the name of Christ so they may be able to receive what is just according to the justice and the will of God.

As spiritual children, when we give our friendship to someone, we do it as Christ Lisbet has done with us, in purity, in transparency and with the intention of leading them to yearn for the eternal life that God brings.

A true friend is like Christ Lisbet who always speaks the truth. This is how we are, the ones who always talk about our Mother, the Truth that we cannot hide from anyone who lends us their ear. Because our best friend is Christ Lisbet who has given us Her unconditional friendship, so much so that She has brought us closer to God the Father Melquisedec and to Christ Lisbet forever. Having the best example of friendship in our Parents MelquisedecLisbet who are our best friends.

Christ Lisbet tells us in:

John 15:13 and 15

13 No one has greater love than this, that one lay down their life for their friends.

15 I will no longer call you servants because the servant does not know what his Lord does; but I have called you friends, because all the things I heard from God the Father, my Husband, I have made them known to you.

The friendship that our Mother Christ Lisbet shares with us is so beautiful! The fifth gift is:

Kindness of God: showing that we have compassion for others and do what our God has commanded us; we eat what they serve us, that is, we listen to what others believe, in order to heal the sick and tell them that the Kingdom of God has come to them. (**Luke 10: 8-9**) Because our spiritual Mother has taught us that what enters through the mouth is not what contaminates, but the words that come out of the mouth since they come out from the heart; and that is what contaminates man. No matter what we hear from others, that does not contaminate us, because what is no good, is thrown into the toilet (**Matthew 15:11-18**). **The idea is not to let yourself be contaminated by anyone's sick words or actions, and end up repeating and doing things that we have not learned from the living God MelquisedecLisbet because it is not what pleases Them.**

Our Mother has taught us to always do good and not pay badly for evil but to always seek peace in every situation. Being pleasant people, we like to always show goodwill, understanding, and sympathy with everyone. How beautiful it is to share with people who love to live in peace.

Our Parents MelquisedecLisbet are Kings of Peace, and we as Their children always seek that peace, since it is part of our lineage, of our spiritual DNA, we seek that benevolence in every moment of our lives. What a valuable quality to be kind just like our God.

Ephesians 4:32 says:

32 Be kind to one another, merciful, forgiving one another, as God also forgave you in Christ.

This brings us to the sixth gift that is:

The clean slate that God: gives you today so you can start again and this time do things right, pleasing God and living correctly forever.

Our Mother gave us the clean slate to begin a new life from scratch, pleasing our Parents MelquisedecLisbet in everything. After having received such a supreme act of mercy, can we not show the same love to those who have failed us?

Even in this eternity, there is no time to live with pain and resentment. Our Parents MelquisedecLisbet do not want us to serve other gods other than Them, the Kings of Peace and Justice, and resentment is a foreign god. By demonstrating true forgiveness, we give peace to those around us and show them how happy and easy it is to live when you forgive and do not let any root of bitterness grow and damage our land. We show everyone that you can live without resentment and without bitterness, and everyone in the world can live in peace because our Mother Christ Lisbet is our eternal peace and has taught us true forgiveness.

Christ Lisbet tells us:

"Don't go around in circles anymore, do not suffer, and do not carry a burden that I already carried for you. You are more than conquerors in Me, and if you believe in Me, God the Father will be pleased with you."

If we forgive everyone who has offended us, and we completely forget about the pain that has been left in the past, we have shown an aspect of God's Love. Now let's look at the seventh gift, which by the way is the most powerful:

The Love of God: which is the most important action that our Mother Christ Lisbet has taught us. We do not just say we love but, thanks to our Parents MelquisedecLisbet, we now know how to prove it.

Our Mother Christ Lisbet, the Love of God manifested, tells us:

"Love is not a word, it is a verb, an action. You cannot tell me that you love me, I am not going to believe you, because you tell me. You have to show it to me with an action, because love is not seen, but instead you manifest it in actions."

It is not just saying "I love you," thinking that by just saying 2 words it becomes a reality, no, it is demonstrating with just and correct actions that you truly love. Our spiritual Parents have taught us how to demonstrate the love that is pure, genuine, and that surpasses everything because that is the true essence of our Parents MelquisedecLisbet.

Our Mother also says:

"There are three things that are permanent: faith, hope, and love (1 Corinthians 13:13). Faith, which is trust in God MelquisedecLisbet; hope, which is the assurance that God MelquisedecLisbet will fulfill their promises; and love, which is knowing the whole truth of God, which is Father and Mother who love each other eternally and only those who are born again of the spirit with our word, are those who know what faith, hope, and true love are. Those three things abide in our spiritual children, but the most important of all is love (1 Corinthians 13:13). If you know what being a child of MelquisedecLisbet is, then you know love and know how to treat your neighbor and your enemy which is in your mind, therefore it is easy to treat others with compassion and mercy. That is how we are going to clean the earth, one human at a time. Because God deals with the minds of men. God is not going to save the world in a mystical way. We have already read several times, that this plan that God has chosen to save men, is through a message, a word that may seem crazy, but this is what pleased God, period. (Ref. 1 Corinthians 1:21). Amen."

So, in order to really love others, at every moment we must share the truth, that our Parents are 2 in 1 because They have taught us to love our neighbor in our mind. And that is how we show the world what They have taught us: how it is to live in holiness, not letting ourselves be carried away by the anxieties and distractions that the world offers, but keeping our way of thinking, our walking and our actions in our Parents MelquisedecLisbet, fulfilling Their commandments, always speaking the truth to our neighbor, that is how we show our love, respecting and having consideration for our bodies and our heads, being an example wherever we are, whether we are together in the same place or in each other's absence.

That when a relative, an acquaintance or friendship thinks about us, they see all these qualities and gifts that define our spiritual Parents and thus we will be a desirable land to the Japhethites who seek the light. So they too will learn how to truly love, with the genuine love of MelquisedecLisbet, which is priceless. The eighth gift is:

Honor God our Parents: showing others how we honor our Father and our spiritual Mother in order to receive the most beautiful gift, the promise of longer days, that is, eternal life.

Letting everyone see each one of these gifts that we give them daily.

Galatians 6:7-10 says:

⁷ Do not be deceived: no one makes fun of God. A man reaps what he sows.

⁸ He who sows to please his sinful nature, from that very nature will reap destruction; he who sows to please the Spirit will reap eternal life from the Spirit.

⁹ Let us not become tired of doing good, for in due time we will reap if we do not give up.

¹⁰ Therefore, whenever we have the opportunity, let us do good to everyone, especially to those in the family of faith.

Mother, these gifts are what You give us each day. You have sown in us your friendship, your respect, your patience, your kindness, your forgiveness, your peace, your reverent

fear, your friendship, your honor and above all, your love. We are the most fortunate children to receive the best gifts from our Parents MelquisedecLisbet and being equal to You, we share these gifts with all those around us. Parents, with these gifts that You have given us, we know that the world will be fixed, there is hope for humanity that does not know the true God, that is why it is so important to share this good treasure that You have given us.

These gifts will remain in us, in our hearts that is why we celebrate Your nativity every day because out of love for us, you have been spiritually reborn to share Your life, the life that God the Father Melquisedec has given you for your faithfulness. And every day that we share with a family member, a friend, a work colleague, a classmate or anybody we meet on our path, we will have these gifts ready to give them with the greatest decorum and accompanied by the most special card, because its dedication is written in the handwriting of our Sovereign Parents MelquisedecLisbet, who await you with open arms.

Amen, Hallelujah!
